SKILLS

- Rest API Testing
- Rest API Design
- Sqlalchemy
- Docker
- JPA
- Database Handling
- Backend Development
- FastAPI
- Software Development
- Software Engineering
- Java
- Spring Boot
- Hibernate
- Microservices
- JSP Servlets
- AWS

LANGUAGES KNOWN

English (Both)
Marathi (Both)
Hindi (Both)

Ruturaj Jadhav

PERSONAL DETAILS

Current Location   Mumbai
Date of Birth   December 3, 2004
Male

EDUCATION

Graduation

Course   B.Tech/B.E. (Computers)
College   Vidyavardhinis College of Engineering and Technology, Thane, Mumbai

Schooling	Class XII	Class X
Board Name	Maharashtra	Maharashtra
Medium	English	English
Year of Passing	2022	2020
Score	76.33%	88.4%

INTERNSHIPS

ContexIQ | July 2024 - October 2024

- During my internship as a Backend and AI Developer, I built backend services with FastAPI, integrating PostgreSQL using SQLAlchemy. I deployed containerized applications on AWS EC2 for scalability. I also implemented RAG pipelines, fine-tuned large language models, and worked with vector databases for semantic search.

PROJECTS

Cosmic Crusader 2D Platformer Game | October 2023 - December 2023

- Cosmic Crusader is purely Java based game .I and my team choose this project to reinforce our core Java fundamentals. My primary motivation was to create a hands-on learning experience that would deepen my understanding of object-oriented programming and game development concepts. By building this 2D platformer from scratch, I aimed to challenge myself and explore Java's capabilities in a creative way. This project allowed me to apply theoretical knowledge in a practical setting, ultimately enhancing my skills and confidence as a developer.
